RE: VILLAGE OF CLIFTON
FIFTH AVENUE – MUN 1340
DOCKET NO. T03-0083

EXTENSION
OF TIME

Gentlemen:

I am writing pursuant to Docket No. T03-0083, an Order between the Illinois Commerce Commission and the Village of Clifton, Illinois. I am in receipt of a Notice that was mailed to Mr. Larry Behrends, Village President of Clifton, on September 28, 2005.

Unfortunately, Mr. Behrends is no longer the Village President of Clifton. This Notice was inadvertently misplaced and then sent to my office for review concerning the status of the Order and the obligation of the Village of Clifton.

It is clear that the Village of Clifton is responsible for upgrading the approaches on Fifth Avenue, which is noted in the Notice as Fifth Avenue – MUN 1340. It is the Village of Clifton's intent to complete this approach work; however, the Village is requesting that the Illinois Commerce Commission allow them until May 30, 2006 to complete the work. Due to the lateness of the construction season, I do not feel it is advisable to proceed with road construction work and the placement of asphalt at this time of the year.

If you have any questions or require additional information, please contact me.

Very truly yours,

TYSON ENGINEERING, INC.
